Waco,

i finally received a letter from you. i think it must have gotten slowed down because we had just moved & it had to be transferred to the new place. my new address is 4 Rochdale Way, Berkeley, 94708.

i'm sorry that i haven't written for so long but don't take that to mean that i have given up on you. i had thought that you understood that i wouldn't be able to ~~be~~ be coming up to visit for

awhile until² i got everything
straightened out as far as
a living situation & a job.
i had sort of been waiting
to hear from you before
writing, but i can see now
that it only confused matters.
i still don't know how soon
it will be before i can come
back up to see you. maybe
i can work out something
with your mother again for
a ride. i just haven't been
able to afford it lately. not

4 a trip to London
1000 just in gas alone. i've
finally found a job but they
have only given me a couple
of regularly scheduled days &
for the rest of it, if i want
to work i have to be here
if they call for a substitute.

i can't understand what
you said in your letter about
the board being concerned
about me. that definitely
seems to be a switch. whenever
i talk to anyone or try to get
some questions answered i
usually get the bit about not
being important enough because

4

of not being a blood relative.
Since i knew that your
mother was visiting you
regularly i had the feeling
she was in a position to
be of more help than me,
so i didn't feel bad about
not being able to make it
up there so regularly. i
have been keeping in contact
with your mother & i had
thought things were
improving for you. i'm
certainly glad to know you
are out of the adjustment
center after so much nonsense.

5
dellum's office & some of the
letters he had received looked
pretty positive. did he send
you copies?

you've got to keep strong
waco & not let this insane
kind of hassling get you
down. i certainly hope you
didn't believe that i had
deserted you as they seem
to be trying to maintain.

i can only say that i am
sorry for the confusion. my
priorities have been to get
things straightened out on
this end. take care & keep

EUREKA — The state and federal governments have in effect given their blessings to loggers to strip bare several miles of hillside along the boundaries of the Redwood National Park north of here.

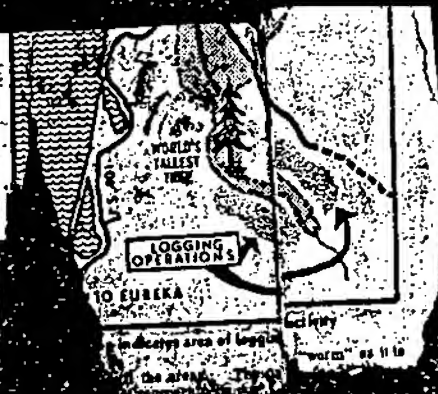

The cutting, say foresters, may doom groves more than 1000 years old, including the world's tallest tree. Conservationists add that it also makes a mockery of a major park sector.

A flyover showed logging in progress next to the park boundary in the Redwood

Some Palo Alto lawyers headed by John D. Leahy are attempting to halt the logging through court action. The group, incorporated as the Natural Resources Defense Council, is citing the California case of 1964, which halted hydraulic mining because it ruined lands downstream.

"We are using a common law doctrine going back to 18th century England that man has to be reasonably careful," says Leahy. "The logging practices are reckless and may ultimately destroy the Redwood Park wilderness."

GRADUATE DIVISION BERKELEY

APPLICATION FOR ADMISSION TO THE GRADUATE DIVISION, BERKELEY

Applicants for admission to the Schools of Business Administration, Criminology, Law, Librarianship, Public Health and Social Welfare, and the Departments of Architecture, Art, City and Regional Planning, Education, History, Mathematics, Political Science, Psychology, Sociology, and Zoology, and in Demography are required to submit, in addition to this form, either special applications or supporting materials. Information about these materials may be obtained by writing directly to the School or Department concerned.)

Please read before filling out lines below:

1. If you have ever previously enrolled at Berkeley as a graduate student in a regular semester, do not file this form. Obtain an APPLICATION FOR READMISSION from the Office of the Registrar, 120 Sproul Hall.
2. Write clearly or PRINT. Use ink. Return to the Graduate Admissions Office, 336 Sproul Hall, University of California, Berkeley 94720.
3. An Application Fee of \$10.00 is charged all persons seeking admission to the Graduate Division. Make your check or money order payable to The Regents of the University of California and return it with the completed application. DO NOT SEND CASH. Please note that the fee is not returnable under any circumstances.
4. Application deadlines are: May 15 (Fall), October 10 (Winter), January 10 (Spring) and April 5 (Summer). Since many departments make their selections early, applicants are urged to apply well in advance of the established deadlines. No assurance can be given that applications received after the deadline can be processed for registration in the quarter of proposed enrollment.
5. All applicants for admission must file a completed application form together with an original and official transcript of record issued by the Registrar of each institution of collegiate grade previously attended. Graduates of the University of California must furnish official transcripts of record of work completed on any campus of the University. Such records must be ordered by the applicant from the Registrar of the campus where the work was completed. Transcripts of students' records and all other official credentials are retained in the files of the Graduate Division and may not be withdrawn or used by the student for any purpose. Students must have a complete set of official transcripts in their possession for use in conferring with departmental advisers. The office records will not be loaned.
6. Foreign students whose university training has not been in the English language are required, as a part of their application, to take either the Test of English as a Foreign Language (TOEFL) or the test offered by American embassies and consulate abroad. Arrangements for the TOEFL test, which is the preferred examination, can be made by writing directly to TOEFL, Educational Testing Service, Princeton, New Jersey, U.S.A. Results of either test should be forwarded to the Graduate Admissions Office.

Dear Ms. Little:

Thank you for your letter of October 23, 1972, recommending favorable release consideration.

As it happened, Mr. DeFreeze and I decided to not present your letter to the Board as it might be confusing to them because it spoke of his desire to return to his wife where- as he now has grave doubts that he should return to her.

Nevertheless thank you for your kind interest in his welfare.

Sincerely,

Dear Sir,

10-7-3-72

I am writing you on behalf
of Donald DeFoe who is
a prisoner at Vacaville,
California Medical Facility
and is coming before the
Board in a short while.
I have known Donald DeFoe
for over a year and he
had expressed to me his
dread of the pain he
had caused to his wife
and six children and his
hopes that on release he
will be able to build a
better life for himself and
his wife and their children.
He is aware that he was
wrong and his views on
society and his relation
to his community have
undergone a change for
the better since he was
in on him, I am sure that
as you look through his

Like you will notice this
man's experience he had
had. In view of his past
experience he feels that it
would not be hard for him
to find a good job and
that he would easily be
able to find means to
support his family. He had
expressed to me several
times in the past his desire
to be given another chance
to prove to himself and
his family and neighbors
that he can become a
useful member of society and
be of benefit to his com-
munity. If there is anyway
that I can help this man
please contact me, for I
really feel this man deserves
another chance.

Yours truly
John Little

Dear Sir:

I am writing this letter on behalf of Mr. ~~Donald DeFreese~~ who is presently imprisoned ~~at~~ Vacaville with the hope that he will be given a parole date at his next Board meeting.

I have known him for quite some time and have witnessed a definite improvement in his actions and attitudes since he was imprisoned three years ago. He has done quite a bit of reading and studying in the fields of sociology and psychology and I feel he is very well prepared to deal with the situation he will encounter once he is released since he now has a much better understanding of himself and his fellow man and the society which we all live in.

He also possesses quite a few skills which should enable him to obtain and hold a job and to support his wife and six children who miss and need him both financially and emotionally.

I do hope you will give this man a
chance he deserves to be a good father &
a productive member of our society and set
a date for his release.

If I can be of any assistance please don't
hesitate to contact me.

Sincerely,

Tues. night

My Thero -

Too tired to write much. After 13 hours at the clinic, I'm wiped out. I'm so happy that it's almost Wednesday again, and I can see you and hold you and somehow try to let you know how much I love you.

These last few days you have sounded very down. You mustn't give up. You have to believe in people. We are struggling very hard to see that you make it. Even if we aren't successful in the court, we can take it to the legislature and to the people and put that kind of pressure on the system. We will eventually be successful because we are right. You can't be pessimistic and cynical and let your situation mess with

your mind. You are not alone. You are a part of a community. People support you and care about you. People will fight for your rights when ever they try to mess over you. We have learned a lot around this habeas corpus, and every time something like this happens, we'll be able to handle it better. No matter what, we won't give up.

All you have to go is take care of yourself, continue to be a good and beautiful person, and keep on being my man. OK?

All my love -

MATERIAL WITNESS

TO WHOM IT MAY CONCERN:

The FBI is conducting an investigation to determine the whereabouts of these individuals whose descriptions and photographs appear below. Federal warrants charging robbery of a San Francisco bank on April 15, 1974, have been issued at San Francisco, California, for Camilla Hall, Donald DeFreeze, Nancy Perry, and Patricia Soltysik. A material witness warrant in this robbery has been issued for Patricia Hearst, who was abducted from her Berkeley, California, residence on February 4, 1974, by a group which has identified itself as the Symbionese Liberation Army (SLA). The participants in the bank robbery also claim to be members of the SLA.

If you have any information concerning these individuals, please notify your local FBI office, a telephone listing for which can be found on the first page of your directory. In view of the crimes for which these individuals are being sought, they should be considered armed and extremely dangerous, and no action should be taken which would endanger anyone's safety.

Very truly yours,

Clarence M. Kelley

Dear Doctor:

On the reverse side is a circular letter with photographs of Donald David Dejeze, Patricia Michelle Soltysik, Nancy Ling Perry, Camilla Christine Hall, and Patricia Campbell Hearst.

For your information, Camilla Christine Hall has, in the past, been treated for cystitis and this condition may recur and it would be necessary that she seek medical treatment.

Hall has uncorrected vision of 20/800 and is myopic by minus 5.25 sphere in each eye and reportedly has been advised to contact an ophthalmologist every six months.

Nancy Ling Perry has been under constant medical care in the past, for removal of facial hair and may contact a dermatologist or seek psychiatric assistance.

If any of the above individuals consults you for medical treatment, you are requested to notify your local FBI Office, a telephone listing for which can be found on the first page of your directory.

These individuals are considered armed and extremely dangerous and no action should be taken by you which would endanger your safety.

Very truly yours,

As pointed out in the attached report, the available writing of REMIRO and LITTLE is not sufficiently comparable with the signatures on Q130 and Q132 to permit a determination whether they prepared these items. It will be necessary to have writing by these persons comparable to this questioned writing before a more adequate comparison can be made.

Result of examination:

The conclusion was reached that the Remiro signatures on Q131 were prepared by JOSEPH M. REMIRO, whose writing is designated K6, E8, K10, K15 and K23 in case captioned, "Symbionese Liberation Army (SLA) EM".

A definite conclusion was not reached whether the questioned signatures on Q130 and Q132 were prepared by REMIRO or by RUSSELL LITTLE, writer of K5, K26 and K31, previously submitted in the SLA case and of K16 previously submitted in case captioned, "HEARNAP", due to the lack of sufficiently comparable writing and the presence of unexplained variations. However, some similarities were observed in comparing the Peterson signatures on Q130 with the available writing of JOSEPH M. REMIRO.

The submitted evidence, which has been photographed, is attached for Sacramento.

The Bulky Enclosure for serial 7916 contains copies of Laboratory Work Sheets, Laboratory Transmittal Forms and Administrative Pages, and Laboratory Reports for various articles of evidence in the HEARNAP case. These Laboratory documents are duplicative of Laboratory documents already processed in the body of the HEARNAP file, and they are not being reprocessed and re-released here. Due to the large number of Laboratory documents involved, it is not possible to refer you to specific serials in the HEARNAP file where the same documents are located (particularly since no duplicative serial numbers appear on the copies in this Bulky Enclosure). Instead, there follows a listing of the FBI Laboratory specimen numbers for the articles of evidence being analyzed in these documents. These numbers will enable you, if you so desire, to locate the same documents in the body of the file. Neither the articles themselves nor photographs of the articles appear with these copies of the laboratory documents.

Q3 and Q4 in this case were submitted by San Francisco airtel 2/19/74 in the "HEARNAP" case and were described as Q61 and Qc62, respectively, in the Laboratory report to San Francisco 2/26/74 in the "HEARNAP" case.

Q5 and Q6 in this case were submitted by Los Angeles airtel 2/16/74 in the "HEARNAP" case and were designated as Q72 and Qc73, respectively, in Laboratory report to San Francisco dated 2/26/74 in the "HEARNAP" case.

The above Q designations have been changed at the Bureau inasmuch as the above-mentioned San Francisco and Los Angeles communications have now been consolidated from the "HEARNAP" case into Bufile C-57210, as the items submitted are apparently not directly associated with "HEARNAP."

Los Angeles is being designated as office of origin and future communications regarding this matter should be submitted under caption "UNSUB; SLA COMMUNIQUE #5; PATRICIA CAMPBELL HEARST - VICTIM; EXTORTION." San Francisco and Los Angeles should make the necessary consolidations and redesignate previous Q numbers on previous reports concerning COMMUNIQUE #5 as outlined above.

Result of examination:

Q8, Q10, Q12, and Q14 are electrostatic copies made utilizing a coated paper. Characteristics indicate that Q8, Q10, Q12 and Q14 and Q2, Q4, and Q6 (previously submitted) may all have been made from the same original.

The typewriting on Q7 through Q14 is the same style as the typewriting on Q2, Q4, Q5 and Q6, previously submitted, which was determined to correspond to Laboratory standards for an Olympia elite style of type, spaced twelve characters per horizontal inch. However, due to the indistinct nature of the photocopies and the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether these items were prepared by the same typewriter.

Q7, Q9, Q11, and Q13 are eight-cent embossed U. S. Postal Service envelopes bearing U. S. Government watermarks. Q7 through Q14 contain no indented writing of significance or other characteristics to aid in definitely determining their source.

Q7 through Q14, which have been photographed, are being returned separately.

Result of examination:

The results of the requested latent fingerprint examinations are being reported separately.

The twenty-four cartridges in the Q1 box and the Q2 cartridge are 9mm Luger (9mm Parabellum) cartridges of Remington-

Peters manufacture which have been loaded with 115-grain, copper-jacketed, hollow-point bullets. A number of these cartridges bear mechanism marks which suggest they have been loaded and extracted from a weapon(s). These marks are of possible value for comparison and identification with suspect weapons. Cartridges of this type can be chambered and fired in semiautomatic pistols and other automatic and semiautomatic weapons.

The hollow points of cartridges selected at random from Q1 along with Q2, were found to contain crystalline potassium cyanide sealed in the hollow points by a layer of paraffin.

The hollow points of these cartridges do not appear to have been substantially enlarged. However, the possibility exists that some of the hollow points were slightly enlarged using a drill of approximately 1/8 inch diameter.

It is noted that the Q1 box bears an Interarms, Alexandria, Virginia label. The twenty-five cartridges found in this box were probably not purchased in this box, which would have originally contained 9mm Luger (9mm Parabellum) cartridges loaded with full copper-jacketed bullets. Cartridges marketed in this type of box usually bear a "VPT" headstamp, which indicates they were manufactured by the LAPUAN PATRUUNATEHDAS, Lapua, Finland. Inked numbers and letters present on the bottom of this box are placed there by the manufacturer and have no significance to Interarms, who is the United States importer and distributor. Therefore, a trace of this ammunition based on these numbers does not appear to be feasible.

A microscopic comparison was made of the mechanism marks on the twenty-five cartridges, Q1 and Q2, with the mechanism marks present on the thirty test cartridges, K1 and K3, which were loaded into and extracted from the 9mm Luger (9mm Parabellum) J and R Engineering Company carbine, Model M-68, Serial Number 03304. Nothing was found to indicate the Q1 and Q2 cartridges were loaded into and extracted from this weapon.

It is noted that the mechanism markings present on these twenty-five cartridges are random in nature and are not typical of any particular make and model of weapon.

Specimen Q8 is a .30 caliber copper-jacketed bullet like that loaded into .30 Carbine caliber cartridges. This bullet was fired from a barrel rifled with four lands and grooves, right twist, like that found on .30 Carbine caliber U. S. carbines M1 and M2. This bullet bears some individual microscopic marks of value for comparison purposes with suspect weapons.

Specimens Q15 through Q18 are .30 Carbine caliber military cartridge cases which were identified as having been fired in one weapon. Specimens Q15 and Q17 bear a "LC 68" headstamp indicating manufacture by Lake City Ordnance Plant, Independence, Missouri. Specimens Q16 and Q18 bear a "PC 42" headstamp indicating Peters Cartridge Company, Kings Mill, Ohio manufacture. The mechanism markings present on these four cartridge cases were compared to the markings present on the Q7 cartridge case from Siegle's Gun Shop, reportedly fired in a .30 caliber U. S. carbine, M1, Serial Number 3801. Nothing was found to indicate the Q15 through Q18 cartridge cases were fired from the above-described weapon in its state of wear when the Q7 cartridge case was fired. The mechanism markings present on the Q15 through Q18 cartridge cases are consistent with those produced by .30 Carbine caliber U. S. carbines, M1 and M2, as well as possibly other weapons.

Specimens Q94 through Q99 are .30 Carbine caliber military cartridges which have been loaded with 110-grain, copper-jacketed bullets. The headstamp present on these cartridges is "LC 68" like that present on the Q15 and Q17 cartridge cases. It is noted that .30 Carbine caliber ammunition bearing the "LC 68" headstamp is widely available commercially. Nothing was found to indicate that specimens Q94 through Q99 have been loaded into or extracted from a weapon.

Specimen Q19 is a .380 Auto (9mm Short) cartridge case of Super Val manufacture which bears marks of value for comparison and identification with suspect weapons. Nothing was found to indicate that this cartridge case was loaded into and extracted from the .380 Auto Walther pistol, Model PP, Serial Number 44435A represented by the twenty-five K2 test cartridges which were loaded into and extracted from this weapon. The mechanism marks on the Q19 cartridge case are typical of the type produced by a large number of .380 Auto caliber pistols. Accordingly, no list of weapons is being furnished.

The Q9 copper-jacketed bullet fragment and the Q10, Q11, Q14 and Q54 copper jacket fragments are too minute and mutilated to determine their caliber type. However, the land and groove widths present on several of these specimens are the same as those present on the Q8 .30 caliber copper-jacketed bullet. This suggests these fragments may also be fragments of .30 caliber bullets. Although specimens Q8 through Q11, Q14 and Q54 bear some microscopic marks of possible value for identification purposes, no conclusion could be reached as to whether these specimens were fired from one barrel.

The mutilated lead fragments in specimens Q10 and Q12 bear no marks of value for identification purposes. Specimen Q13 consists of a metal fragment which does not appear to be part of a bullet.

No residues of cyanide were found on specimens Q8 through Q14.

Inasmuch as .380 Auto and 9mm cartridge nomenclature can be confusing, the following information is being furnished. The 9mm Luger (9mm Parabellum) cartridge cannot be fired in .380 Auto (9mm Short, 9mm Corto or 9mm Kurz) weapons inasmuch as the 9mm Luger cartridge is longer than the .380 Auto cartridge. Although the .380 Auto cartridge can be fired in some 9mm Luger caliber weapons, malfunctions often occur in that the automatic extraction of the fired cartridge case and chambering of a new cartridge is hampered by the lesser recoil energy of the .380 Auto cartridge.

Specimen Q4 consists of a segment of braided white nylon cord approximately 13/64" in diameter and with a crimped nylon core. On one end of Q4 is a loop lashed with brown marline twine and wrapped with 3/4" wide black plastic tape.

Specimen Q3 consists of a segment of braided white nylon cord which is like the Q4 cord with respect to color, diameter, construction and composition and could have come from the same source as the Q4 cord. A loop also appears on one end of the Q3 length of cord which is constructed in the same fashion as the loop on Q4 and with the same type of marline twine. The torn end of the piece of black plastic tape on specimen Q4 matches the torn end of the piece of black plastic tape on Q3. Accordingly, the tape on Q3 was once attached to and torn from the tape on the particular segment of cord in specimen Q4.

The second segment of cord in specimen Q4 is 3/16" diameter braided white nylon cord with a 4-ply nylon core and is not like the Q3 cord. A loop on one end of this segment of cord is constructed in a similar fashion as the loop on specimen Q3; however, black marline twine is used rather than brown marline twine. The torn ends of the 3/4" wide black plastic tape do not match the ends of the tape on Q3 or the other cord in Q4. On the free end of this cord is a Stevedore's knot.

The use of marline twine as on specimens Q3 and Q4 and the manner in which the Stevedore's knot on one of the Q4 lengths of cord suggest the unknown subject(s) may have a background in or association with the maritime trade or industry.

Specimen Q5 consists of two strips of bed sheet, the torn ends of which can be matched. Specimen Q6 consists of a single strip of bed sheet of similar color, design and composition as specimen Q5. The Q6 piece of bed sheet has been folded and hand-sewn with red cotton sewing thread. Specimen Q6 was left intact and no attempt was made to match the torn edges of Q6 with the torn edges of Q5. The torn edges of Q5 and Q6 are suitable for matching purposes should you recover the remaining portion of bed sheet.

No hairs or foreign textile fibers were found on Q3 through Q6.

All the above-listed specimens are being temporarily retained in the Laboratory for future comparison purposes.

Enclosure Report of SA

Date received 2/7/74

Enclosed for examination by the FBI Laboratory is one (1) carton (25) 9 millimeter cartridges which were found by SA [REDACTED] and SA [REDACTED] the apartment of the Victim, and her boyfriend, STEVEN WEED. The carton of ammunition was apparently dropped by the abductors of HEARST during the scuffle in the apartment since WEED has advised that he never saw the ammunition before and is certain there was no ammunition in the apartment prior to the arrival of the kidnapers.

REQUEST OF THE LABORATORY

It is requested that the box and cartridges be examined for fingerprint evidence and that the FBI Laboratory examine the "lead" of the bullets for any unusual characteristics. It is also requested that the Laboratory identify the manufacturer and all other pertinent information regarding the ammunition.

For the information of the Laboratory, PETER BENENSON, 1304 Josephine Street, Berkeley, California, was abducted in front of his residence at about 8:30 p.m. on 2/4/74 and held captive in his automobile which was used by kidnapers of the Victim.

Enclosed are two (2) plastic bags containing strips of bed sheeting which were furnished by PETER BENENSON on 2/5/74. One (1) strip of the bed sheeting was used to blindfold BENENSON by his abductors and the second strip was used to gag BENENSON by his abductors on the night of 2/4/74. Also enclosed is one (1) plastic envelope containing nylon rope used to bind the hands of PETER BENENSON on 2/4/74 by his abductors. The nylon rope has black electrician's tape wound at one end to form a loop in the rope.

REQUEST OF THE LABORATORY

It is requested that the Laboratory examine the attached evidence for any possible identification to attempt to identify the manufacturers, sellers, or possibly to locate any fingerprints which may be on the electrician's tape.

Attached for the assistance of recipient offices are photocopies of the questioned pages on which writing identifications were made or on which similarities were observed.

For your assistance, significant similarities were observed in comparing the majority of the questioned writing on five Q2064 four inch by six inch cards with available writing of JOSEPHINE SOLIAH, which indicate she probably prepared this questioned writing.

Similarities were observed in comparing portions of the questioned writing on the Q2066 items with available writing of KATHLEEN ANN SOLIAH, which indicate she may have prepared these portions of questioned writing.

Some similarities were also observed in comparing portions of the questioned writing on the four inch by six inch Q2068 sheets of note paper with available writing of KATHLEEN SOLIAH.

Significant similarities were observed in comparing the questioned writing on the Q2072 sheet of notebook paper with available writing of JOSEPHINE SOLIAH, which indicate she probably prepared this questioned writing.

Similarities were observed in comparing questioned writing on the two Q2074 sheets of notebook paper with available writing of KATHLEEN SOLIAH.

Significant similarities were observed in comparing the majority of the questioned writing in the Q2079 notebook with available writing of KATHLEEN SOLIAH, which indicate she probably prepared this questioned writing.

Result of examination:

TYPEWRITING COMPARISONS

The K118 typewriting does not contain sufficient individual identifying characteristics to permit identification; therefore, in those instances described below where

questioned typewriting was found to be the same size and style as the K118 typewriter, a definite conclusion was not reached whether that questioned typewriting was prepared by the typewriter used in preparation of K118.

Q2064

The questioned typewriting on the one Q2064 typewritten page is the same size and style as the K118 typewriting.

Q2065

The typewriting on the eight-page typewritten document beginning on the first page "Q. Why did the SLA ..." and ending on the eighth page "in their rehetoric ..." was prepared by the typewriter used in preparation of K119. These pages have been marked with an asterisk in the lower right corner of each page.

The typewriting on the Q2065 twenty-seven page typewritten document captioned "Tania Interview" is the same size and style as the K118 typewriting.

Q2066

Typewriting characteristics in common were observed in comparing the typewriting on the photocopies of the seven typewritten pages in Q2066 with the K119 typewriting, which indicate the typewriting on the pages from which these photocopies were made was probably prepared using the typewriter used in preparation of K119.

Q2067

Typewriting characteristics in common were observed in comparing the photocopies of typewritten pages with the K119 typewriting, which indicate the typewriting on the pages

from which these Q2067 photocopies were made was probably prepared using the typewriter used in preparation of K119.

Q2071

The conclusion was reached that the typewriting shown on the photocopy pages of Q2071 was not prepared using the typewriters used in preparation of K118 or K119.

The typewriting on these photocopy pages correspond to Laboratory standards for a type style manufactured by Brother Industries, Nagoya, Japan, probably spaced 231 mm per one hundred characters and used on typewriters manufactured under brand names including Signature, Wizard, Webster, Bradford, Typemaster and T.V.S.

Q2074

The conclusion was reached that the questioned typewriting on the three pages having typewriting on both sides of each page, with sides numbered 6, 7, 8, 159, 160 and 161, was prepared by the typewriter used to prepare K119. These pages were marked with an asterisk in the lower right corner of each page.

The remaining questioned typewriting on the Q2074 items is the same size and style as the K118 typewriting.

WRITING COMPARISONS

Q2065

The conclusion was reached that the questioned handwriting beginning "When in fact ..." on page six of the twenty-seven page typewritten document captioned

"Tania Interview" with typewriting on page six beginning "business. He's a ..." was prepared by PATRICIA CAMPBELL HEARST, K32, K92 and K0125.

Also, significant similarities were observed in comparing the handwritten notation "In the evening news" on page four of the Q2065 eight-page typewritten document with typewriting on this page beginning "A. Con trary to ..." with the available writing of HEARST, which indicate she probably prepared this questioned notation.

Q2066

The conclusion was reached that the questioned handwriting on the Q2066 page with writing captioned "U.S. Gov't" except the notation "Supply Ag" was prepared by PATRICIA CAMPBELL HEARST, K32, K92 and K0125.

Q2067

Significant similarities were observed in comparing the written entry "political statement from" on the photocopy of the typewritten page numbered eleven in a circle with typewriting beginning "organization of the ..." with available writing of PATRICIA CAMPBELL HEARST, K32, K92 and K0125, which indicate she probably prepared this questioned writing.

The conclusion was reached that the majority of the green ink questioned writing on the Q2067 sheets of stenographic notebook paper was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Similarities were also observed in comparing other written entries on several of the Q2067 photocopy pages with available writing of EMILY HARRIS, which indicate she may have prepared these questioned written entries.

Q2070

The conclusion was reached that the majority of the questioned writing beginning with the entry "19. Ex. Switchboard ..." on page five of the Q2070 notebook and the majority of the questioned writing on the backside of the fifth page was prepared by PATRICIA CAMPBELL HEARST, K32, K92 and Kcl25.

Also, similarities were observed in comparing the questioned notations "A Gentleman's Choice" and "Adelson's" on the fourth page of the Q2070 notebook and the notation "Answering & Bus. Serv." on the backside of that page with available writing of PATRICIA CAMPBELL HEARST, which indicate she probably also prepared this questioned writing.

The conclusion was reached that the majority of the remaining questioned writing in the Q2070 notebook was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Q2074

The conclusion was reached that the questioned handwriting on the sheet of paper bearing carbon copy typewriting beginning "empty materialism of ..." and the handwritten notation "women at same time: ll development" in the margin of the photocopy of the typewritten page numbered three in a circle with marked out typewriting beginning "who have brought ..." was prepared by PATRICIA CAMPBELL HEARST, K32, K92 and Kcl25.

Also, similarities were observed in comparing the following handwritten notations with writing of HEARST, which indicate she may also have prepared these notations:

The handwritten notations "(like Gloria Stinham & Jane Alpert)" and "devastating" on the typewritten page numbered seven with typewriting beginning "truely powerful ..."

The handwritten notations on the page of carbon copy typewriting beginning "exhausted and, to ..."

The handwritten notations on the page of carbon copy typewriting beginning "for oppression and ..."

The handwritten notation "not strong enough" on the page of carbon copy typewriting beginning "preconceptions of ..."

A definite conclusion was not reached whether the remaining unidentified questioned writing on the items described in this report was prepared by PATRICIA CAMPBELL HEARST, K32, K92 and Kcl25, EMILY HARRIS, K5, K6, K8, K9, K20 and K37, WILLIAM HARRIS, K45, STEVEN SOLIAH, K120, or PAT JEAN MC CARTHY, K486, whose writings were previously submitted in this case, or by JOSEPHINE M. SOLIAH, Kcl and K4, KATHLEEN ANN SOLIAH, K3, or WILLIAM KILGORE, K2, whose writings were submitted in case captioned "UNSUBS (5); CROCKER BANK, 5746 MARCONI AVENUE, CARMICHAEL, CALIFORNIA, 4/21/75; BR," due to the limited amount of some written entries, the presence of unexplained handwriting characteristics or the lack of sufficiently comparable writing.

The documentary evidence described in this report was compared insofar as possible with documentary material previously submitted to the Laboratory in bombing matters wherein the Weather Underground organization, the New World Liberation Front or the Red Guerrilla Families claimed responsibility, but nothing of particular significance was noted nor were any associations made.

The evidence described in this report, which has been photographed, is being returned separately.

Q2065

A. Contrary to many lies, there was much community protest and organizing against the FYIP coming from the Black Panther Party and the Save Our Schools (SOS) Committee. Our main criticism of the operation is that we misread the militancy of the community leaders who had been organizing against the program. We didn't expect their uncompromising support, but we ~~didn't~~ never expected them to do a total about-face in their position against Foster.

Part of the reason for this betrayal was that no one had ever heard and didn't know how to relate to us. of the SLA before. Some people thought that we might be a CIA front and that the assassination was just a way to frame the BPP and SOS leadership, and get them out of the way. We're not saying that we support their stand; only that we recognize the fear which fascist amerikkka is able to generate.

Because ^{of} the protests Foster ordered the Alameda Regional Criminal Justice Planning Board to re-word the program several times, although its essence never changed, in a feeble attempt to pacify the community. The focus of the protests, however, generally stayed on the level of attacking the "armed pigs on campus" aspect of the plan. ^{In the evening news} The media chose to overlook the aspect ~~of~~ of bio-dossiers, fingerprinting, photographing and permanent computer classification of the children. ~~Because of~~ Because of media censorship, many people (especially those living in areas not directly affected by the program) were not fully aware of what the Forced Youth Identification Program exactly was. Censorship and lies about the intention of the program was intensified after Foster's assassination, and our first communique concerning this action was printed in only one of the Bay Area papers.

Because we had studied the FYIP the execution of Marcus Foster seemed self-explanatory, especially since our objective (the halting of the program) was achieved. We have seen, however, that ~~xxx~~

business. He's a real pig, but he usually makes a good first impression. Now my mother... when we were in Atlanta in June of '73 she went crazy. It was "nigger", and "were in jig town now." There were no street signs in the Black areas of Columbus and her comment about this situation was, "niggers don't need street signs. They only travel in this small area and they know who they're going to see and how to get there." These same pigs smile and tell their ruling class pals how much they're going to help the Spanish speaking communities-- at the same time reaping incredible profits from these communities, and from their imperialist possessions in Mexico and Puerto Rico.

Q. Your mother is a member of the Board of Regents at the University of California. What is her attitude toward regent's business? For example the Eldridge Cleaver, or Angela Davis cases or any other cases that she may have talked about at home?

A. People like the Berkeley student body president would come over to the house to talk to her during the 60's, and her way of dealing with the situation was to direct them to the swimming pool and send out sandwiches. She's always prided ~~her~~ herself on how much the students like her... ~~that she's a saint~~

~~She's always prided herself on how much the students like her...~~
I remember my mother talking at the dinner table when Angela was being fired from her position in the philosophy department at UCLA. She was saying, "Angela Davis is not being fired because she's a communist-- it's because she hasn't finished her dissertation. She was given a certain amount of time to do ~~it~~ it in and she was irresponsible, thank God." She wanted Eldridge out fast, and went on and on about how the "tax payers" didn't want a person like him teaching at the university. It wasn't Catherine Hearst and the fascist board of regents who didn't

Women & youth are the
most progressive elements among
white people today. The women's
movement, since its resurgence in
the sixties, has been continually
struggling and growing. The need
for change is felt most directly
by these two groups. Women
need to free themselves from
the shackles of sexism and

Q2074

preconceptions of themselves as inadequate and passive people. This we must do together, apart from men, to understand what we are now and to create the ideas of and conditions for achieving what we want. Second, and concurrently, we must struggle and work with men to fight for and build a new society that allows us all to be free. Men have to understand as much as we do, that their freedom lies in the gaining of women's freedom.

Women are looked to for leadership on all levels of struggle, in both the mass front and the guerilla front. We have already seen fine examples of this leadership throughout the world, and have been deeply inspired by our sisters in Vietnam, China, Latin America, Africa, the Weather Underground and the Black Liberation Army. Through their active participation in the struggle, revolutionary women provide their sisters with righteous examples of strong, aggressive leaders, soldiers, organizers, writers and speakers. Reactionary women like Gloria Steinham and Jane Alpert must be identified for what they are, agents of the ruling class, and denounced as such. We cannot afford to be liberal in regard to our own sex when certain members work against our struggle. Education about women revolutionaries, both past and present, is a ^(revolutionary) powerful weapon against the enemy. It raises peoples' consciousness as to the potential of women in revolutionary struggle and increases women's militancy and confidence to join the battle.

Out of the Women's Movement, we see emerging the potential leadership of white people in the coming revolutionary struggle. Throughout the past ten years among white people, women have shown consistently the most initiative and creativeness. They have effectively united the personal with the political, a crucial aspect for revolution in a cynical, alienated society.

The counter-culture movement in the sixties created a new conscious-

for oppression and what changes are needed. To achieve true and complete liberation, women must now begin to develop and coordinate a strategy through which that can be done.

Liberation is, first of all, in women's self-interest. Our oppression is a basis for the recognition and understanding of the oppression of other people in our society. While we fight to educate and struggle with men about the nature of sexism and the need to change it, we must also struggle with our own oppressive tendencies in regard to racism and classism. We must understand that if we want to be free to express our full potential, we must fight for a society in which all people can be free. Otherwise, if we fight only for equality, which constitutionally, we supposedly already have, we will be merely as free as the half-free men of our society. Consequently, our struggle has to work in concert with other struggles in progress here, in the United States, and throughout the world.

our struggle is a liberation struggle

However, feminism is different from liberation struggles in that instead of involving certain segments of the population, it encompasses 51% of the entire people. Sexism is an economic tool of the ruling class used to keep half the people down; working for wages lower than men's with greater job insecurity and worse working conditions. (Sexism also divides women and men.) Through the institution of the nuclear family, it keeps women isolated from each other. The nuclear family bestows on the economy a free domestic labor force that keeps its male workers well-fed and taken care of, negates the need for government-sponsored day care centers, and gives oppressed male workers their own slave to dominate so that they won't take their frustrations out on the ruling class men.)

We see Feminist Revolution as the next logical step for women. It involves two major concepts: 1. Internal liberation and, 2. Political liberation. Women must combat their

Q 2074

exhausted and, to a great extent, coopted. The winning of the vote sent the movement into a lull that lasted for forty years.

In the 1960's, the Women's Liberation Movement was reborn. The first national organization in years was founded in 1966 by Betty Frieden called the National Organization for Women (NOW). This group and its sister organizations worked for political and civil equality. They are composed of basically professional white, middle-class women. Meanwhile, in reaction to the New Left, white male-dominated politics of the Civil Right and Anti-War Movements and due to a rising national interest in women, a more loosely based younger women's movement arose. The latter was fairly unstructured and anti-leadership. Its main organizing tool was consciousness-raising implemented through the rap group structure. The under-30 Women's Movement was spontaneous and far-reaching. Thousands of women came together to share their experiences of isolation from each other and discovered a common ground of oppression. Through sisterhood, they began to reject the cynicism and alienation of the predominant white male culture and to build their own. Countless groups sprang up around the country that focused on women-centered issues such as birth control, day care, and lack of equal opportunity.

The Feminist Movement has given rise to a tremendous upsurge of energy among women. That energy has spawned a vitality and creativeness much more encompassing than the New Left Movement of the sixties because it has reached more levels of society. Because the liberation of women cuts across class and racial lines, it has unlimited potential to unify all strata of people.

The Feminist Movement, up until this time, has been white and middle-class. It has centered on normally one of two issues; either gaining economic opportunity or introspective-oriented consciousness-raising.

truely powerful.

Women are looked to for leadership on all levels of struggle, on both the mass front and the guerrilla front. We have already seen fine examples of this leadership throughout the world, and have been deeply inspired by our sisters in Vietnam, China, Latin America, Africa, the Weather Underground and the Black Liberation Army. Through their active participation in the struggle, revolutionary women provide their sisters with righteous examples of strong, aggressive leaders, soldiers, organizers, writers and speakers. *(One: Gloria Steinem & Jane Alpert)* Reactionary women must be identified as what they are-- opportunist agents of the oppressor class-- and denounced, *because* liberalism only impedes our progress. Education about female revolutionaries-- both past and present-- is a *deconstructing* ~~powerful~~ weapon against the enemy. It raises the peoples consciousness as to the potential of women in revolutionary struggle, and increases women's militancy and confidence to join the battle.

Our strategy involves women & men working
The SLA does not advocate a separatist strategy in dealing with the problems arising from sexist attitudes. We feel instead that women should engage in active struggle with men on a day to day basis in order to build proletarian unity between the sexes. However, we realize the urgent need for greater unity among women as a group. Too often meetings are disrupted by male supremacist attacks in the ~~collective~~ collective, mass organization or union hall leaving work unfinished and important questions unresolved. Because ~~texts~~ of we see that separate caucuses and organizations are often necessary in order to build this unity and develop women's revolutionary self-reliance. Revolutionary women have a responsibility to demonstrate the strong leadership qualities which give comrades a basis for

out in one of their communiques, the United States has more prisons than every other country of the world combined. Just in Calif. alone here we have nearly 22,000 men and women locked up in prison! This is outrageous, and when you check and see who these people are, every one is from the poorer classes, Black, Brown, Indian, Asian or whatever.

empty materialism of their parents' generation and to search for self-fulfilling alternatives. The Student and GI Movements became leading elements in the protest against the Vietnam War. Young whites directly confronted police state tactics in demonstration after demonstration. Finally, the movements fizzled out after what people conceived as too much retaliation, particularly in the case of Kent State. The search for a better lifestyle still continues, albeit more individualistically than in the sixties when the first surges of rebellion created a momentary feeling of unity in the struggle against outdated mores. However, the idealism and energy of youth still remain potent reservoirs of potential revolutionary consciousness.

c. Electra Complex

1) Little girl loves mother
more at first

2) Sees father's greater power
and wants it

d. In a family-based society,
repression due to the
strict taboo makes a

totally fulfilled sexuality
impossible for anyone, and
a well-functioning sexuality
possible for only a few

e. Separation of emotion from sex

Chap 14 Women in Childhood

Women and children bound by "shared oppression"

Sexual repression originated with monogamy (cf. Engels, Reich, etc)

Matrarchy a stage on the way to patriarchy to man's fullest realization of himself

To be worshipped is not freedom

[Philippe Aries' Centuries of Childhood - a social history of family life]

Modern Nuclear Family

- Only recent development (evolved from 19th century on)

I. The Myth of Childhood

a. Middle Ages - No childhood

1. Children not distinct from adults
2. No special vocabulary to describe children
3. Children were differentiated from adults only by their economic dependence

- B. Fourteenth Century and After
1. Concepts of Childhood developed as adjunct to the modern family
 2. Vocabulary to describe childhood developed
 3. 1600 - Children's laws appeared (even then not used beyond age of 3 or 4)
 4. Childhood "in" by 18th century
 5. Costume
 - a. Boys went in stages to male adulthood
 - 1) Swaddling clothes
 - 2) Dresses - i.e. no differentiation from girls
 - 3) After five - male collar and robe
 - 4) Pants
 - b. Girls went from swaddling clothes to adult dresses
 - 1) Childhood did not apply to women
 - 2) Girls didn't have to go thru costume ritual since they grew into nothing but servants to men (women and

C. Schooling

For your information, significant similarities observed indicate that the majority of the questioned writing in the Q2133 green spiral notebook was probably prepared by WILLIAM KILGORE, writer of K2 submitted in the Crocker Bank case.

For your further information, significant similarities were observed in comparing the Soliah signature inside the Q2140 book with the available writing of KATHLEEN ANN SOLIAH, writer of K3 submitted in the Crocker Bank case, which indicate she probably prepared this signature.

Result of examination:

TYPEWRITING COMPARISONS

Q2135

The questioned typewriting on the Q2135 piece of paper is the same size and style and bears characteristics in common with the K119 typewriting, which indicate the typewriter used to prepare K119 may have been used to prepare this questioned typewriting.

WRITING COMPARISONS

Q2100 and Q2101

Characteristics observed indicate that the questioned writing on Q2100 and Q2101 was prepared by one person.

Q2104

Some similarities were observed in comparing the questioned writing on Q2104 with the available writing of EMILY HARRIS, K5, K6, K8, K9, K20 and K37, which indicate she may have prepared this questioned writing.

Q2133

Similarities were observed in comparing the questioned handwritten caption "General Info" on the Q2133 manila envelope with available writing of PATRICIA CAMPBELL HEARST, K32, K92 and Kc125, which indicate she may have prepared this questioned writing.

Q2135

Similarities were observed in comparing the Lanphear signatures on the Q2135 Sacramento City College Student Identification Card and the Sacramento City College Registration and Library Card and the writing of EMILY HARRIS, K5, K6, K8, K9, K20 and K37, which indicate she may have prepared these signatures.

OTHER EXAMINATIONS

Q2141

Photographs of the used sheets of carbon paper contained in Q2141 were made and are enclosed.

Q2144

The Q2144 map of Orange County, California, bears written notations "Ball Euclid left Chris" on the cover. "Pacific Ave" is circled in the map's street index and the

Notation "8.00 69989" is marked on the map in the area of Stanton, California. Also, markings were observed in the area of Stanton, California. Two markings were found in the area of Fullerton, California.

A definite conclusion was not reached whether the remaining unidentified questioned writing on the items described in this report was prepared by PATRICIA CAMPBELL HEARST, K32, K92 and Kcl25, EMILY HARRIS, K5, K6, K8, K9, K20 and K37, WILLIAM HARRIS, K45, STEVEN SOLIAH, K120, or PAT JEAN MC CARTHY, K486, whose writings were previously submitted in this case, or by JOSEPHINE M. SOLIAH, Kcl and K4, KATHLEEN ANN SOLIAH, K3, or WILLIAM KILGORE, K2, whose writings were submitted in case captioned "UNSUBS (5); CROCKER BANK, 5746 MARCONI AVENUE, CARMICHAEL, CALIFORNIA, 4/21/75; BR," due to the limited amount of some written entries, the presence of unexplained handwriting characteristics or the lack of sufficiently comparable writing.

The documentary evidence described in this report was compared insofar as possible with documentary material previously submitted to the Laboratory in bombing matters wherein the Weather Underground organization, the New World Liberation Front or the Red Guerrilla Families claimed responsibility, but nothing of particular significance was noted nor were any associations made.

The evidence described in this report, which has been photographed, is being returned separately.

Result of examination:

Attached for the assistance of recipient offices are photocopies of the questioned pages on which writing identifications were made or similarities were observed.

For your assistance, similarities were observed in comparing the majority of the questioned writing on Q2151 with writing of KATHLEEN SOLIAH, which indicate she probably prepared this questioned writing.

Similarities were observed in comparing the questioned writing on the three Q2156 pages with questioned writing beginning "On the subject ..." and some unidentified written notations on items previously submitted in the green and gray metal file boxes which context indicated might have been written by WILLIAM HARRIS. Also a few similarities were observed in comparing this questioned writing with the limited available known writing of WILLIAM HARRIS.

Similarities were observed in comparing the questioned writing on Q2170 with available writing of JOSEPHINE SOLIAH.

Significant similarities were observed in comparing the majority of the questioned handwriting on the Q2176 items with available writing of WILLIAM KILGORE, which indicate he probably prepared this questioned writing.

Similarities were also observed in comparing the questioned writing on Q2180 and Q2183 with available writing of WILLIAM KILGORE.

TYPEWRITING COMPARISONS

Q2153

Portions of the typewriting on Q2153 correspond to Laboratory standards for an Olympia elite style of type. Other portions of the typewriting on Q2153 correspond to Laboratory standards for a Smith-Corona (SCM) elite style of type. The remaining portions of the typewriting on Q2153 correspond to Laboratory standards for an Underwood pica style of type. The Q2153 typewritings were not associated with the typewriting on K118 and K119.

Q2155

Portions of the typewriting on Q2155 correspond to Laboratory standards for a Hermes or Halda/Facit elite style of type. Other portions of the typewriting on Q2155 correspond to Laboratory standards for a Smith-Corona (SCM) or Remington elite style of type. The remaining typewriting on Q2155 corresponds to Laboratory standards for an IBM style of type. The conclusion was reached that the typewriting on Q2155 was not prepared by the typewriters used in preparation of K118 or K119.

Q2163

The typewriting on the six photocopy Q2163 typewritten pages is the same size and style and bears characteristics in common with the typewriting on K119, which indicate that the typewriting on these Q2163 pages was probably prepared by the typewriter used in preparation of K119.

Q2168

The conclusion was reached that the typewriting appearing on Q2168 was not prepared by the typewriters used to prepare K118 or K119.

Q2173

The conclusion was reached that the typewriting on Q2173 was not prepared by the typewriters used in preparation of K118 or K119.

The typewriting on Q2173 corresponds to Laboratory standards for an IBM elite style of type.

Q2180

The typewriting appearing on Q2180 is the same size and style as the K118 typewriting; although, due to the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether the Q2180 typewriting was prepared by the typewriter used in preparation of K118.

Q2186

The conclusion was reached that the typewriting on Q2186 was not prepared by the typewriters used to prepare K118 or K119.

Q2197

The questioned typewriting on the two Q2197 typewritten pages except the typewritten caption on one page reading "MARXISM*LENINISM-MAO TSE-TUNG THOUGHT" was prepared by the typewriter used in preparation of K119.

The typewritten caption on Q2197 quoted above on one typewritten page is the same size and style as the K118 typewriting; although, due to the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether this typewritten caption was prepared by the typewriter used to prepare K118.

Q2198

It was concluded that the questioned typewriting on the two Q2198 typewritten pages bearing typewritten captions in the upper left corners "MARXISM" and "LENINISM" was prepared by the typewriter used to prepare K119.

The questioned typewriting on the remaining five Q2198 typewritten pages is the same size and style as the K118 typewriting; although, due to the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether these items were prepared by the typewriter used to prepare K118.

Q2201

The questioned typewriting on Q2201 is the same size and style and bears some characteristics in common with the K119 typewriting, which indicate this questioned typewriting may have been prepared by the typewriter used in preparation of K119.

Q2205

The questioned typewriting on Q2205 is the same size and style and bears some characteristics in common with the K119 typewriting, which indicate this questioned typewriting may have been prepared by the typewriter used to prepare K119.

WRITING COMPARISONS

Q2155

It was concluded that the questioned handwriting on the sheet of Q2155 notebook paper with questioned writing captioned "Ramparts March 67" was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Q2156

The conclusion was reached that the majority of the questioned handwriting on the Q2156 page captioned "General" was prepared by EMILY HARRIS. Also, similarities were observed in comparing the questioned writing on the page of writing captioned "Sterilization" with the writing of EMILY HARRIS, which indicate she may also have prepared this questioned writing.

Q2158

The conclusion was reached that the questioned handwritten notation "see: 'The Role of Black Women' in Seize the Time (May 75)" on page 125 was prepared by PATRICIA CAMPBELL HEARST, K32, K92 and Kc125.

Q2160

Significant similarities were observed in comparing the questioned writing on the Q2160 note pad with the available writing of PATRICIA CAMPBELL HEARST, K32, K92 and Kc125, which indicate this questioned writing was probably prepared by HEARST.

Q2174

Similarities were observed in comparing the questioned writing on the piece of Q2174 note paper with the writing of PATRICIA CAMPBELL HEARST, which indicate she probably prepared this questioned writing.

Q2175

Similarities observed indicate that the questioned writing on Q2175 and the questioned writing on Q2100 and Q2101 was prepared by the same person.

Q2192 and Q2194

Similarities were observed in comparing the "Mrs. C. Barber" signatures on Q2192 and Q2194 with writing of PATRICIA CAMPBELL HEARST, which indicate she may have prepared these signatures.

Q2204

Similarities were observed in comparing the questioned writing on Q2204 with the writing of PATRICIA CAMPBELL HEARST, K32, K92 and Kcl25, which indicate she may have prepared this questioned writing.

Q2206 and Q2207

Similarities were observed in comparing the questioned writing on Q2206 and Q2207 with writing of PATRICIA CAMPBELL HEARST, K32, K92 and Kcl25, which indicate she may have prepared this questioned writing.

Q2208

The conclusion was reached that the questioned handwriting on Q2208 was prepared by PATRICIA CAMPBELL HEARST, K32, K92 and Kcl25. Also, similarities were

observed in comparing the questioned hand printing on Q2208 with available writing of HEARST, which indicate she may have prepared this questioned writing.

A definite conclusion was not reached whether the remaining unidentified questioned writing on the items described in this report was prepared by PATRICIA CAMPBELL HEARST, K32, K92 and Kcl25, EMILY HARRIS, K5, K6, K8, K9, K20 and K37, WILLIAM HARRIS, K45, STEVEN SOLIAH, K120, or PAT JEAN MC CARTHY, K486, whose writings were previously submitted in this case, or by JOSEPHINE M. SOLIAH, Kcl and K4, KATHLEEN ANN SOLIAH, K3, or WILLIAM KILGORE, K2, whose writings were submitted in case captioned "UNSUBS (5); CROCKER BANK, 5746 MARCONI AVENUE, CARMICHAEL, CALIFORNIA, 4/21/75; BR," due to the limited amount of some written entries, the presence of unexplained handwriting characteristics or the lack of sufficiently comparable writing.

The documentary evidence described in this report was compared insofar as possible with documentary material previously submitted to the Laboratory in bombing matters wherein the Weather Underground organization, the New World Liberation Front or the Red Guerrilla Families claimed responsibility, but nothing of particular significance was noted nor were any associations made.

The evidence described in this report, which has been photographed, is being returned separately.

2/

The evidence described in the attached report is being returned separately. You are separately being advised of the pertinent latent fingerprint, radio engineering, cryptanalysis and firearms examinations.

For the information of recipient offices, K118 consists of typewriting samples obtained from Royal portable typewriter serial number A-1362557 (288-A-FBR-10). K119 consists of typewriting samples obtained from Smith-Corona portable typewriter serial number 4C 250443 (401-BR-37).

59

Attached for the assistance of recipient offices are photocopies of the questioned pages on which writing identifications were made or similarities were observed.

For your assistance, similarities were observed in comparing the majority of the questioned writing on Q2151 with writing of KATHLEEN SOLIAH, which indicate she probably prepared this questioned writing.

Q2

Similarities were observed in comparing the questioned writing on the three Q2156 pages with questioned writing beginning "On the subject ..." and some unidentified written notations on items previously submitted in the green and gray metal file boxes which context indicated might have been written by WILLIAM HARRIS. Also, few similarities were observed in comparing this questioned writing with the limited available known writing of WILLIAM HARRIS.

Similarities were observed in comparing the questioned writing on Q2170 with available writing of JOSEPHINE SOLIAH.

Significant similarities were observed in comparing the majority of the questioned handwriting on the Q2176 items with available writing of WILLIAM KILGORE, which indicate he probably prepared this questioned writing.

Similarities were also observed in comparing the questioned writing on Q2180 and Q2183 with available writing of WILLIAM KILGORE.

- c. Which aspect, in the long run, will prove most important is unknown yet

Short-Run Capital Flows - Precipitating the Crisis

1. Created balance of payments difficulties - began to appear in 1966 and more serious in 1967-69
2. Short-term investments were facilitated in 66 by rising U.S. interest rates and economic difficulties in Europe
3. 1970, severity of inflation forced govt to lower interest rates to stimulate investment in productivity
4. Short-term Capital didn't invest in U.S. production
 - a) Fled to more stable Europe
5. 1969 - short-term Capital inflow 9.6 billion
1970 - 5.8 billion outflow
unprecedented change 15 billion in one year
6. 1971 - balance of payment deficit running at an annual rate of about 10 billion
7. The importance of short-term Capital flows at international level

Conditions prevent the type of develop-

ment that is characteristic of men who are showing strong leadership - Passivity in that men will not front us on our ideas - Some will withdraw sexually because they cannot dominate & they sometimes allow women to do the strategic thinking while they sit quietly -

Passivity - one thing that keeps people from changing & getting better.

Men use passivity as a weapon & it is as harmful as the aggressive put-down.

TOWARD AN INTERNATIONAL STRATEGY DON BARNETT

- ① Theory precedes strategy which precedes tactics.
- ② Most NA revolutionaries believe the correct unit of analysis is the U.S. Barnett contends the correct unit is the U.S. empire.
- ③ 3 main contradictions in the modern empire:
 - a) Metropolis' ruling class: combined worker-peasant class of neocolonies
 - b) Ruling classes of neocolonies and their domestic proletarian class.
 - c) Metropolis' ruling class' domestic proletariat
- ④ These contradictions are of relative importance at different times. The first is of fundamental importance. Wars of national liberation try to resolve the first two - first the second, then the first (i.e. two steps revolution).
- ⑤ At present, metropolitan class struggle is less acute than existence of imperialism which affords metropolis' proletariat with a more favorable position. The neocolonialist is dependent upon the metropolis.

④ The struggle remains now seen
as a single revolution within the
multinational imperialist system with
the revolutionary armed struggle
spreading from the more oppressed
people in the countryside to the
increasingly exploited proletariat of
the metropolises.

⑦ Not a question of when the "American" revolution
is going to begin but how to employ
our forces in the anti-imperialist revolution
which is already well under way.

⑧ Most important question for those in the
cities is how to best relate ourselves
to the revolutionary struggles occurring
in the "countryside". Barnett says a
dual "urban-rural" strategy is needed.

(a) Rural - direct participation, recruitment,
provision of funds, material, &
propaganda.

(b) Urban - harass and morally
isolate the ruling class regime.

Metropolitan revolutionaries tend to take
technical skills & resources at their disposal
for granted and often think they can't
be of any aid to the international socialist
revolution.

⑨ Since Black absent in international struggle,
they will channel most of their
energy on the domestic front.

Q2176

The prerequisite for unity between abroad revolutionaries and guerrilla fighters is the development of a strategy for revolution in the U.S. which is both military and political in character. In the past, most revolutionaries have made the mistake of seeing only the importance of the political side of the m/p dialectic.

We of the SLA emphasize the military aspect of the struggle because we believe it has been rejected as the only strategy which can eventually lead to total victory. Every successful revolution in recent times has been won by a protracted people's war. Though most of the victories over imperialism have been won in non-industrial nations and have based their organization on the peasant mass. The unmistakable lessons of the Vietnamese, Chinese, Cuban, Mozambican, Angolan, Bosnian, (Kosovo Albanian Ymies?) has been that

the development of a guerrilla force is the result of the people

our era, which demonstrated
unmistakably the need for armed
struggle was the fascist coup
in Chile in 1973. Many revolutions
have failed to learn the lesson
which the fate of the Chilean
revolution should have taught
us. Allende is often seen as a
well-meaning person who did
the best he could under the
circumstances. ~~And~~ we certainly
respect the courage with which
Allende faced his attackers. The
picture of him marching ^{in hand} through the ~~the~~ presidential
palace, in a stirring one indeed;
still, the force of repression
was able to win out in Chile because
the government of Salvador Allende
had an incorrect political line.
They placed no emphasis on
arming the people. They were
not forceful in moving toward
the dictatorship of the ~~the~~ proletariat.
Their orientation was totally political
i.e. based on changing the ideology ^{keeping} of
the people and ~~the~~ ^{the} ~~imposing~~ ^{imposing} ~~convincing~~

demanded by including the kidnapping of Patricia Hearst that guerrilla activity can arouse the consciousness of the masses. The left must capitalize on these opportunities, not give the ~~small~~ ~~adventurer~~ ~~of the~~ ~~media~~ ~~platform~~ ~~and~~ provided many revolutionaries by guerrilla actions to merely opportunistically put forth their own "own correct" political line.

It is time many revolutionaries realize that nearly every prisoner of war in the U.S. whom most revolutionaries are so quick to defend is a guerrilla fighter. To the core - from Richard Mayer to B.O.B. to Martin Sostre to Solita Hebron to the Other Brothers, these people are guerrillas. The left must recognize this and give the same kind of support to those who carry on the armed struggle outside the walls as they do to those who are locked down.

Long live the Guerrilla!!

HEART

General symptoms

- ① Chest pain - nature of pain usually substernal & generalized in chest - usually "a crushing pain" like a belt around the chest. Often radiates to neck or inner part of left arm; differentiate between pleuritic pain - pleuritic pain hurts on breathing or coughing, cardiac pain does not.

Angina - nerve fibers triggered when heart doesn't get enough O_2 e.g. atherosclerosis

- ② Dyspnea (shortness of breath) esp on exertion because heart can't increase its cardiac output ~~retention~~

- ③ Orthopnea - difficulty breathing upon lying down. Due to fluid build-up. During the day it goes to the legs and into tissues. At night gravity gets the

in chest. The key to fixing this is that the person has to stand or sit up to cure the ~~low~~ orthopnea. If person has been sleeping 4-3 pillows, etc. (he may have orthopnea (in this case called PND - paroxysmal nocturnal dyspnea))

(4) Edema (swelling) - usually starts at the ankles. This is due to excess fluid.

(5) ^(SYNDROME) ~~Fainting~~ - often due to heart valve probs, usually upon exertion after due to rheumatic fever. (In rheumatic fever antibodies to beta hemolytic strep attack cells of the heart; calcium builds up in valves) Rheumatic starts 7-10 days after strep.

Common cause of heart disease in younger people is rheumatic fever. Ask about heart murmur also. Also people have migratory

arthritis (goes from joint to joint)
(3) Hot joints (3) possible twitching when

1-3 are related to the 1. is gradually

young (called chorion or St. Vitus' dance)

(4) Congenital heart disease (may be caused by blue baby & difficulty in birth)

(5) Family Hx - especially sudden death in young person in immediate family

(6) Syphilis - usually causes a murmur - takes ≥ 10 yrs.

(7) In older people ask about high bp or diabetes.

(8) In older people - pain right straight thru to the back - it is a leak in the aorta - very serious - often instant death. Tx - lower b.p. which reduces tendency for leak to tear

(9) Ask Q about bc pills - it can cause thrombosis & emboli.

25% of all pts die on the spot of heart attacks

25-30% never in notice of

45-56% - just classic symptoms - pain in chest, nausea, etc.

The typewriting on K116 does not contain sufficient individual identifying characteristics to permit identification. In comparing this typewriting with typewriting on the questioned items, which were found to be the same size and style, no characteristics were observed in the comparison to indicate that any typewriter other than the K118 typewriter was used in preparation of these questioned items.

No significant original typewriting was found in the items listed in the attached report to indicate that typewriters other than the K118 or K119 typewriters were used in preparation of any of these questioned items.

Attached for the assistance of recipient offices are photocopies of the questioned pages on which writing identifications were made.

Notations on some of the questioned pages indicate that at least one other writer may have prepared some of the entries on the submitted items. The manner in which some of these entries were made indicate that they could be entries made by WILLIAM HARRIS. As the Laboratory has previously advised, the available known writing of WILLIAM HARRIS was prepared in the early 1960's and may not be representative of his current writing habits. Attempts should be made to obtain and submit more contemporary known writing by HARRIS. Also, no adequate known hand printing is available for PATRICIA CAMPBELL NEARST or EMILY HARRIS.

Result of examinations:

TYPEWRITING COMPARISONS

The known typewriting, K118, does not contain sufficient individual identifying characteristics to permit identification; therefore, where questioned typewriting was found to be the same size and style as the K118 typewriting, a definite conclusion was not possible whether that questioned typewriting was prepared by the typewriter used to prepare K118.

Q2122

The conclusion was reached that the questioned typewriting on Q2122 was prepared by the typewriter used in preparation of K119.

Q2123

The questioned original and carbon copy typewriting was prepared by the typewriter used to prepare K119.

The six-page typewritten document (photocopies) captioned "THE SYMBIONESE FEDERATION & THE SYMBIONESE LIBERATION ARMY DECLARATION OF REVOLUTIONARY WAR & THE SYMBIONESE PROGRAM" was not prepared by the typewriters used in preparation of K118 or K119. The remaining photocopies in Q2123 were made from other Q2123 typewritten pages.

Q2124

The questioned typewriting was prepared by the typewriter used to prepare K119.

Q2125

The questioned typewriting on pages numbered in circles in the upper left-hand corners 2, 3, 4, 5 and 8 respectively, and beginning "U.S. imperialism is ...," "Strategy For Victory In ...," "revolutionary movement ...," "between class solidarity ..." and "Mass Front and the ..." is the same size and style as the typewriting on K118.

The remaining questioned typewriting on the Q2125 items was prepared by the typewriter used in preparation of K119.

Q2126

The questioned typewriting on the Q2126 items was prepared by the typewriter used to prepare K119.

Q2127

Thirty-three (33) typewritten pages included in Q2127 were prepared by the typewriter used to prepare K119. These pages have been marked with an asterisk in the lower right corner of each page.

Six (6) of the Q2127 typewritten pages contain some typewriting prepared by the typewriter used to prepare K119. It was noted that portions of the typewriting on these pages were typed directly onto the page and portions onto other pages which were cut out and attached to the Q2127 pages. Other portions of these six (6) pages are the same size and style as the K118 typewriting. These six (6) pages have been marked by placing an asterisk in the lower left corner of each page.

The typewriting on the remaining twenty-six (26) Q2127 pages of typewriting is the same size and style as the K118 typewriting.

Q2128

The typewriting on twenty-eight (28) typewritten pages was prepared by the typewriter used to prepare K119. These pages were marked with an asterisk in the lower right corner of each page.

The typewriting on the remaining Q2128 typewritten pages is the same size and style as the typewriter used to prepare K118.

Q2130

The questioned typewriting on the pages captioned "----- THANKS FOR PICKING ..." and "LEADERSHIP" and the page with typewriting beginning "My life really ..." were prepared by the typewriter used to prepare K119.

The questioned typewriting on the remaining Q2130 pages is the same size and style as the K118 typewriting.

Q2131

The conclusion was reached that the questioned typewriting on the Q2131 items was prepared by the typewriter used in preparation of K119.

WRITING COMPARISONS

Q2124

The conclusion was reached that the majority of the questioned handwriting on the two pages with typewriting beginning "Q. Going in ..." and "these drawers are ..." was prepared by PATRICIA CAMPBELL HEARST, K32 and K92.

The conclusion was reached that the majority of the remaining questioned handwriting on items in Q2124 was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Q2125

Significant similarities were observed in comparing the written notation "political statement from" on the Q2125 typewritten page numbered in black ink "23" in the upper left corner and containing typewriting beginning "organization of the ..." with the available writing of PATRICIA CAMPBELL HEARST which indicate she probably prepared this notation.

The conclusion was reached that the questioned handwriting on the back of the typewritten page numbered in black ink in the upper left-hand corner "13" with typewriting beginning "Clearly we are not ..." and blue ink questioned handwriting on the back of the typewritten piece of paper attached to a typewritten piece of paper numbered in black ink in the upper left-hand corner "12" with typewriting beginning "and confidence and ..." were prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Also, similarities were observed in comparing the written entries on some typewritten pages, especially pages numbered in black ink in the upper left-hand corners "10," "11" and "12" respectively, with typewriting beginning "Q. The media of ...," "Clandestine urban ..." and "and confidence and ..." with the writing of EMILY HARRIS which indicate she may also have prepared these entries.

Q2126

The conclusion was reached that the questioned handwritten notation on the typewritten page with typewriting beginning "Q. What about the individual ..." and the questioned blue ink written entry beginning "wanted to ..." on the back side of the typewritten page numbered "4" with typewriting beginning "of a pig assault ..." were prepared by PATRICIA CAMPBELL HEARST, K32 and K92.

The conclusion was reached that the majority of the questioned handwriting on the following described pages was prepared by EMILY HARRIS:

The typewritten page numbered "T/p. 1" with typewriting beginning "Q. Since you ..."

Typewritten page numbered "114" with typewriting
beginning "looking for you ..."

Typewritten page numbered "117" with typewriting
beginning "took whatever ..."

Typewritten page numbered "18" with typewriting
beginning "above ground on ..."

Typewritten page numbered "19" with typewriting
beginning "from the local ..."

Typewritten piece of paper with typewriting
beginning "ence between ..."

Handwriting on a piece of paper with writing
beginning "date for Fahizah's ..."

Significant similarities observed indicate
that the handwritten notations on the typewritten pages
numbered 104 through 113, 115 and 116 were probably pre-
pared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Q2127

The conclusion was reached that the questioned
handwriting on the back side of the two typewritten pages
numbered "6" and "17" with typewriting beginning "started
to understand ..." and "Gina was a beautiful ..." was
prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Also, significant similarities were observed in
comparing the majority of the questioned handwritten entries
on the remaining Q2127 items with writing of EMILY HARRIS,
which indicate she probably prepared the majority of this
questioned handwriting.

Q2128

The conclusion was reached the handwritten notation beginning "To The People: If you ..." on the photocopy of a newspaper page with article captioned "SLA'S LAST TAPE TO HEARST" was prepared by PATRICIA CAMPBELL HEARST, K32 and K92.

Q2130

The conclusion was reached that the majority of the questioned handwriting on the sheet of stenographic notebook paper was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37. However, similarities were observed in comparing the handwritten notation beginning "2) 146 Peralta ..." on the bottom of this sheet of stenographic notebook paper with the writing of PATRICIA CAMPBELL HEARST, which indicate she probably prepared this notation.

The conclusion was reached that the questioned handwriting on the back side of the sheet of notebook paper with handwriting beginning "Sierra Club" was prepared by PATRICIA CAMPBELL HEARST, K32 and K92.

The conclusion was reached that the majority of the questioned handwriting on the remaining sheets of notebook paper, except the sheet captioned "Pins" was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37. Also, similarities were observed in comparing the questioned handwriting on the sheet of notebook paper captioned "Pins" with the writing of EMILY HARRIS which indicate this questioned handwriting was probably prepared by her.

A definite conclusion was not reached whether the remaining unidentified questioned handwriting on the items described in this report was prepared by PATRICIA CAMPBELL HEARST, K32 and K92, EMILY HARRIS, K5, K6, K8, K9, K20 and

K37, WILLIAM HARRIS, K45, STEVEN SOLIAH, K120, or PAT JEAN MC CARTHY, K486, whose writing was previously submitted in this case, or by JOSEPHINE M. SOLIAH, Kcl and K4, KATHLEEN ANN SOLIAH, K3, or WILLIAM KILGORE, K2, whose writings were submitted in case captioned "UNSUBS (5); CROCKER BANK, 5746 MARCONI AVENUE, CARMICHAEL, CALIFORNIA, 4/21/75; BP," due to the limited amount of some written entries, the presence of unexplained handwriting characteristics or the lack of sufficiently comparable writing.

The documentary evidence described in this report was compared insofar as possible with documentary material previously submitted to the Laboratory in bombing matters wherein the Weather Underground organization, the New World Liberation Front or the Red Guerrilla Families claimed responsibility, but nothing of particular significance was noted nor were any associations made.

The evidence described in this report, which has been photographed, is being returned separately.

Q. Going in chronological order, I think it was slightly after Tania joined the group that the SIA performed a bank robbery. Why did you decide to rob a bank?

There were 2 reasons; we ~~were~~ needed the money, and we wanted to illustrate that Ta was alive & he ~~decided~~ wasn't a bunch of bullshit.

A. Revolutionaries don't have vast sums of money and as a result they have to carry out actions against the financial interests of the capitalist class. While we are always able to put to good use the money and materials supplied by our comrades, banks are still one of the few places where large amounts of money are easily available.

Expropriations are dangerous and a pain in the ass. But since they're ~~sometimes~~ sometimes necessary our feeling is that we would rather do a big one. The risks are the same as doing a small armed robbery, and you get more money so it doesn't have to be ~~done~~ as often. Also, bank tellers generally have no subjective attachment to the money since it isn't theirs, and are very co-operative.

Q. What did you need the money for?

A. For survival, future operations, weapons, ammunition-- for anything we need to insure our security and mobility.

Q. Why did you choose the Hibernia Bank in San Francisco's Sunset District?

However,
A. One of the main reasons why we choose this bank was because it had a good getaway route. Also, it had a really good position

Yes, I believe we would need the money to carry out our operations. We also have a decision to make about whether we want to carry out these operations and as a

Propaganda via. L.A.

It would be incorrect to say that the fact that this bank had ~~a~~ ^{an} ~~camera~~ ^{it} didn't have ~~any~~ ^{to} do with our decision. We wanted to propagate joining the call, so we intended this to be a well planned, but flamboyant robbery. In no way do consider the flamboyance of this particular as as a model for any future actions.

These drawers are locked. We recommend that anyone who re-
take 10 or 15 seconds at the beginning of the ~~operation~~
to have ~~the~~ all the tellers open ~~it~~ up their drawers before
get down on the floor. The financial gains are definitely
those few seconds.

Q. Why did you fire on some of the people inside the bank?

A. We felt that these ~~people~~ by their actions had attempted to
interfere with us being able to carry out the operation success-
fully. There was no time for debate about whether or not this was
actually the case. We can never hesitate to stop someone who
actively attempts to fuck us up during an operation.

Because of our inexperience we had some pretty rigid ideas
about how to deal with uncooperative persons, and about the amount
of force that would be necessary to control twenty or more people
inside a bank.. Inflexibility is one of the hazards of inexper-
ience. We try to eliminate this weakness in a revolutionary way
through practice and by criticising our past actions. After an
operation is over, we always get together to

discuss the details of what we came down
In this way we expose our mistakes, and
hopefully learn from them so that we don't
make the same mistake twice. These
meetings also bring to light our strengths,
other collective and individual, and make
even clearer what we are capable of.

What happened was this; after we were in the bank for a while after we'd gotten everyone in the bank down on the floor these two men walked into the bank. They were several feet inside the door, and were told to go over and lie down. Instead, they decided to make a run for the door. We couldn't believe it! We didn't really expect any trouble from the customers. In fact, we thought that the bank employees would give us more trouble than the students, but we were wrong. We didn't go into a bank ~~with~~ with the intention of robbing someone. That would be pretty bad. But I also instructed people to respect the cashiers and not speak about prices and so on. No, our plan was successful. The cashiers were very nice.

This is to assure that we have the same understanding and way of looking at this book as the author(s) and should not be interpreted as any indication of lack of trust.

1. Profits 50/50
50% to stated organizations to be named
at a later date
50% to author(s)
2. All past communiques, Jahiyah's letter to the People, the SLA Document, the meaning of the 7-Headed Cobra and Osceola and Bo's first letter to the People should all be included in full in the book. The SLA document includes the Declaration of Revolutionary War, the Goals of the SLA, the War Council, the Codes of War, Tactical Support Units and the 7 Aims of the SLA
3. We trust that any writing in the future based on the author's experience here with us will be kept in the serious framework of advancing the people's struggle. We are not interested in human interest stories that further continue the personality cult of Jeko,

to us as individuals, we are trying to destroy bourgeois individuality in ourselves. However, we realize in the context of this book that many people may ~~learn~~ learn from us how middle class whites develop revolutionary consciousness and put that consciousness into practice. And this book is completed we don't feel that anything can be gained by continuing to refer to us as individuals. Instead we wish to be known as 3 soldiers among the many soldiers who will fight for and with the people in the struggle for freedom.

4. We see the military-political aspects of this book dealing with the politics of the SLA and military skills, experience and strategy to be of top priority and personal experiences and feelings to be of secondary importance. We trust that this sense of priorities will be maintained throughout the editing process.

5. The dedication of this book is to read:

This book is dedicated to and written in the spirit of all revolutionaries who fight by any means necessary for the people's freedom and in particular

been imprisoned or died in
the struggle.

--SLA--

The following quote by Cinque should
be on the same page as the dedication or
on the page following the dedication:

Yes, you do indeed know me. You
have always known me. I'm that
nigger you have hunted and feared
night and day. I'm that nigger
you have killed hundreds of my
people in a vain hope of finding.
I'm that nigger that is no longer
just the hunted, robbed and murdered.
I'm the nigger that hunts you now.

Yes, you know me. You know us all.
You know me, I'm the wet back.
You know me, I'm the geek, the
broad, the servant, the spik. Yes,
indeed you know us all and
we know you — the oppressor,
murderer, and robber. And you
have hunted and robbed and
exploited us all. Now we are the
hunters that will give you no
rest. And we will not compromise
the freedom of our children.
